

SIAC Mtg
May 7, 2019
6:00 pm

Members Present: Jon Hueser, Lany Mitchell, Megan Tuttle, Tina Coleman, Marlene Coleman, Jennifer Ludwig, Sandy Coyle

Agenda:

Wellness Policy-

- Talk a little bit about our lunch audit - every 3 years, good marks and results
- Go over our present policy
- Talk about how to make goals measurable
- Give examples from other districts
- Make decision about any changes we feel we need to make

Curriculum Updating

- Explain the process we went through with EL implementation
- Talk about our exploration of various math programs
- Show EdReports site and explain the site
- Questions?

Emergency Operation Plan

- Law approved in 2018 and must be approved by board by June 31, 2019
- Not open to public records request - so it will be kept semi-confidential
- Show plan and explain the parts of plan
- Questions?

Notes:

Group talked about the policy and viewed samples from other districts. We changed Goal 3 to better align with what we are doing. We will now emphasize kids having water bottles in the room and water during lunch.

We went through the EdReports site and looked at how EL scored compared to other programs. Mr. Hueser explained why we are using this site and he it takes much of the work out of evaluating programs. We then looked at the two math programs we were looking at and talked about how the teachers are trying these programs. Hope to have new math decision before the end of the year.

Mr. Hueser talked about the Emergency Operation Plan that is required for all districts in Iowa and must be approved by the board by June 31, 2019. Ours is ready to go to the Emergency

Manager to look over but we mirror the Algona plan to keep things consistent for all emergency personnel. This plan is not subject to public record requests.

Talked about when we will meet next year (after data is released from state) and then we will set goals from that.

Meeting adjourned at 7:05.
